## Document Body

---

Carl,  
Thanks for the update. I assume you sent a similar reply to Jim Cox's letter, or talked to him directly. We seem to be on track to resume testing.  
I will be in or through San Francisco a couple of times in December, so keep me updated on progress with the monitoring plan and it may work out that I can stop by if that would be useful.  
Regards,  
Steve
